

PROJECT PROPOSAL

LSJ WHO?

Hi there! I'm Luke Storey and I am the proud owner of LSJ - A graphic design studio that is committed to helping clients and fulfilling their design needs. My background within design comes from working within education and teaching the subject of design. I have a strong belief that the key to design is emotion and how you want your audience to react to the visual. Whether this is your first time working with a designer, or if you have experience, I cannot wait to be working with you!

CASE STUDY

Beautifly by Casey-Leigh

Beautifly by Casey-leigh is an independent beauty salon that focuses on making the client feel relaxed and pampered. The Salon wanted a modern identity that showed an authentic, feminine and strong ethos The client wanted a logo that would show a solid but beautiful design that would appeal to all audiences. The only requirement was that there had to be elements of rose-gold in the design.

- Project Outcomes:
- Logo Identity
 - Price List
 - Advertisements
 - Gift Cards

The identity was based on the theme of rose gold marble. This is strong and elegant and when paired with a script typeface, produced this really feminine and elegant design. The client asked that the other outcomes followed the same system which allowed for uniformity within the outcomes.

Available Services

BRANDING AND IDENTITY DESIGN

As part of this service there is the option to have a new logo designed for your business. Along with this, there is the added extra for any variations of the logo and any patterns that you might want as part of the company identity. There is also the option to have a set of brand guidelines to be produced. This will allow you to have complete control of how your brand is used within your business.

CONSULTATIONS

As part of all design work - I ask that all clients go through a consultation. This is a sit down or online call with yourself so that I can get to know you as the client and understand what your design needs are. If you are unsure of what you need as a business, this is the perfect time to get those questions out of the way and help you gain some clarity.

DESIGN FOR PRINT

This service offers the option to have outcomes designed that are for print. This includes physical outcomes such as Posters, flyers and business cards. PLEASE NOTE LSJ does not have an in house print service. If you are wanting physical outcomes, I will work with you to find a print service that will complete the final stages of your outcome.

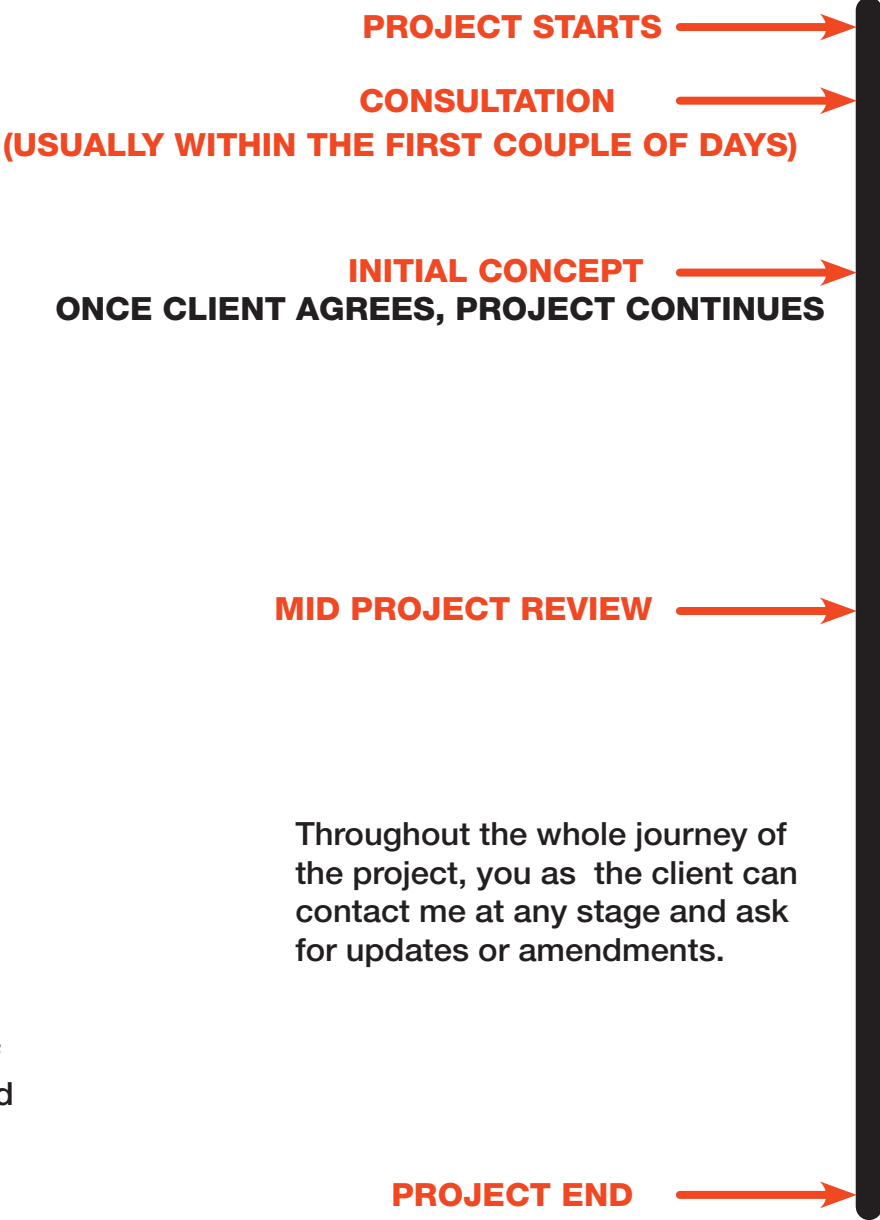

DESIGN FOR SOCIAL MEDIA

This service is based around designing outcomes that are meant to promote your business on social media. If this service is something that you are interested in, I will work with you on how this service will benefit your business in order to maximise its outcome.

LSJ BONUS PACKAGE

As part of the services that I offer, I have the new LSJ Bonus Package available to all clients. This includes three services and a consultation for the set price of £600

PROJECT TIMELINE

This is subject to change depending on the amount of work going into a project and the type of project. During the consultation, a project time frame will be set.

PROJECT CONSULTATION

WHAT IS A PROJECT CONSULTATION?

A project consultation is a sit down or online call discussion with me so that we can talk about the project. As part of this, I will ask you questions and take notes so that I can work to produce you a design that is engaging and fulfils the purpose that you require it to do.

WHAT IF I DON'T KNOW WHAT I NEED?

This discussion is the perfect place to work out what you need. We can start from the basics and work our way up to a project. There are no right or wrong ways of approaching a project with us. Come and have a chat with us and we will see what we can do

CAN I ASK QUESTIONS IN THE CONSULTATION?

The consultation should be a two way discussion. Not only is it perfect for me to get to know you as the client, but it allows you to get to know me more and how I work.

PROJECT PRICING

The costing of a project can take one of two forms and is all dependent on the project that I will be completing.

HOURLY RATE

My hourly rate for working on a project comes at the cost of **£48.45** an hour. This is for all single outcome based projects. This starts from the first initial consultation.

LSJ BONUS PACKAGE

This package comes at a flat rate of **£600** and includes three single outcome projects and a consultation.
